

# COMMANDseries™

## *Comprehensive Ready Mix Dispatching*

COMMANDseries leverages 30+ years of industry expertise to provide a comprehensive, quote-to-cash solution for ready mix dispatch operations. From quoting, order entry, and scheduling to invoicing and accounts receivable, no other solution delivers the depth, flexibility, and customization that COMMANDseries offers.

### Centralized Information

COMMANDseries integrates seamlessly with other Command Alkon solutions, including batching, quality control, in-cab telematics, and best-in class ERP systems. This powerful integration ensures data is shared across all areas of your operation, breaking down silos and enhancing collaboration. By keeping all teams connected and informed, COMMANDseries enables smoother workflows, reduces communication errors, and ensures every aspect of your business operates in sync.

### Maximize Efficiency

Access and analyze vast amounts of operational data to uncover opportunities for greater efficiency. COMMANDseries increases visibility into your supply chain, helping to optimize fleet size, streamline workflows, and reduce the hours needed to complete tasks—all while delivering exceptional results.

### Tailored for Ready-Mixed Concrete

COMMANDseries is specifically designed to meet the unique demands of ready-mixed concrete operations. From managing quotes to scheduling deliveries, the system ensures every aspect of your business runs smoothly. By optimizing operational workflows and improving accuracy,

COMMANDseries helps deliver high-quality concrete to the right place, at the right time, and for the right cost. Whether managing small projects or large-scale operations, COMMANDseries adapts to your needs, ensuring efficiency and reliability at every step of the process. Its focus on end-to-end management makes it the ideal solution for ready-mixed producers looking to streamline operations and enhance profitability.

### Key Takeaways
