

Is NovoEd a Good Fit for Your Program?

TOP CONSIDERATIONS

VS.

LMS/LXP

NovoEd is a good fit for your program if:

You may want to use your LMS/LXP if:

LEARNING OUTCOME

The goal is aimed toward **capability-building** rather than **simple skill-building**

The subject matter is primarily compliance or corporate obligatory requirements (**no need for collaboration**)

LEARNER ENGAGEMENT

Social & collaborative learning is emphasized (self-paced or cohort-based)

Your learning experience is **fully individual**

- Gamification (points/leaderboard)
- Peer to peer motivation
- Conversations in-platform
- Team assignments
- Group engagement
- Peer feedback in-platform
- Mentorship

Your method of engagement stems from **on-screen interactivity, clickthroughs, etc.**

LEARNING CONTENT DELIVERY

Combine content from **multiple sources** or third-party tools in context/flow of learning within modules

Your primary goal is to deliver content to a **single learner**

Incorporate video practice Fully or partially online (with or without VILT components)

Strategically communicate with learners in a **predetermined, scheduled and/or activity trigger-based** capacity, but reduce administrative lift

Something to keep in mind...

NovoEd integrates with your tech stack and compatible with your LMS/LXP!
